Lips never get chapped

Review by [Bostonherald.com](#) staff

It was only a matter of time until an innovative company reached a higher level.

That company is Pro Tech Skin Care.

If you're looking for a nifty little stocking stuffer this holiday season, look no further than Pro Tech.

The **Hybrid Moisturizing Lip Balm SPF 17** provides excellent protection (sun and wind) while never forcing lips to feel gross.

Constructed from a blend of beeswax and Vitamin E, Lanolin and Lecithin for moisturizing and Peppermint Oil for its cooling properties, the balm is perfect for unpredictable New England winters in the most extreme conditions.

Pro Tech Hybrid Moisturizing Lip Balm SPF 17 is \$5.
